REMARKABLE SUCCESS STORIES

It always seems impossible until it's done

-Nelson Mandela

**“It is not in the stars to hold our destiny but in ourselves.”**  
— William Shakespeare

Since 2018, EAGLE CREST TRAINING ACADEMY AND CONSULTANCY has demonstrated unwavering resilience, passion, consistency, and integrity in its mission to provide world-class employment and skill development. The journey has been marked by a steadfast focus and a clear, visionary path.

The story of the Eagle Crest's Trailblazing Alumni Fraternity begins not in a classroom, but in quiet conversations—whispers across neighborhoods, dinner table discussions, and passionate exchanges on WhatsApp, Instagram, and social media. It's a journey that has taken root in every corner of Nagaland, fueled by a shared vision: to unlock the untapped potential of youth through skill development and career empowerment.

From its inception, Eagle Crest set out with a bold mission—to make opportunities visible, reachable, and real. Through district-wide sensitisation and awareness campaigns, we brought this vision to life. We entered school and college campuses, engaged with Church boards, and collaborated with student bodies to ignite minds and stir hearts. Our career counseling sessions, skill development workshops, and outreach programs have touched thousands, one story at a time.

Each alumnus has a unique journey—how they found their way to our training rooms, what inspired them to act, and where they've flown since. But all are united by one truth: Eagle Crest was a turning point.

This fraternity is a celebration of those turning points. It is a testament to the resilience, determination, and success of those who dared to dream and chose to act.

We are proud to honor our alumni—not just for where they are today, but for the courage it took to begin.

The "Journey" continues.....

# FROM NAGALAND TO THE SEVEN SEAS: THE STORY OF SUPO & JOHN

Two young men, strangers to each other, walked into Eagle Crest Training Academy & Consultancy with the same hopes: to gain skills, secure a job, and build an independent life. Supomeren Longkumer and John Konyak had no idea that this step would not only change their careers but also spark a lifelong friendship. Back then, neither of them could have imagined where life would take them.

What started in a modest classroom turned into something extraordinary. They trained hard, shared dreams, overcame hurdles—and when the opportunity came, they set sail with P&O Liner, part of the renowned Carnival Cruise fleet.

From the dusty streets of Dimapur to the sparkling blue waters of the Mediterranean, the bustling harbors of the United Kingdom, and the historic cities of Europe, Supu and John have cruised not just as crew—but as explorers of the world.

Today, they aren't just colleagues. They're brothers by choice, bonded by the oceans they've crossed and the life they've built—together.

From the classroom to the cruise ship, their story is a testament to what's possible when training meets opportunity—and when strangers become friends who dream beyond borders.

# FROM GRIT TO GLAMOUR: MONTOLI'S RISE IN MUMBAI'S MIXOLOGY SCENE

Montoli was never one for small talk. Sharp, focused, and wired for the high-energy world of hospitality, she always knew the fast-paced rhythm of the industry was where she belonged.

Armed with experience, passion, and a Mixologist title that speaks volumes, Montoli took a bold leap in the City of Dreams. She didn't just chase success—she stirred it, poured it, and served it with style.

Today, she wears more than one crown. As the proud founder of MOLY MUMBAI, a rising star in Mumbai's buzzing beverage scene, she crafts handcrafted cocktails and mocktails that are more than drinks—they're art in a glass, each telling a story of innovation, flair, and finesse.

At the same time, she serves as the Bar Manager at Ice Hospitality, overseeing five dynamic bars across Pune. Her leadership is not just about operations—it's about creating memorable experiences, setting high standards, and mentoring the next generation of mixologists.

From a small-town girl with big dreams to a trendsetting entrepreneur and bar manager, Montoli is proof that with the right mix of grit, skill, and spirit—you really can shake things up.

Cheers to Montoli—raising the bar, one signature pour at a time.
