## FEATURING

### MR. NIUKA ZHIMOMI

As an alumnus of Eagle Crest, I'm proud to share my journey of growth, opportunity, and perseverance. My name is Niuka Zhimomi, and I'm from Zunheboto. My story began with landing my first job at the prestigious Ritz-Carlton, part of Marriott International, in Pune. The experience was invaluable, and it laid the foundation for my future successes.

#### Seizing Opportunities

After a year of honing my skills and building confidence, I took a leap of faith and moved to Dubai UAE, all thanks to the network and opportunities provided by Eagle Crest. The move was a turning point in my career, opening doors to new challenges and experiences.

#### The Struggle is Real

I won't sugarcoat it – there were times when I had to struggle, and nothing came easy. It is a truth we all must face: growth and success often require us to push through difficulties and uncertainty. We're all just butterflies waiting to get free from our cocoon. Sometimes, we need to take that leap of faith, and see where the winds of opportunity take us. It is a journey of transformation, and one that requires courage, determination, and perseverance.

#### Reaching New Heights

Today, I'm based in Abu Dhabi, Working in a Luxury French Cafe exploring new horizons and achieving even more than I ever thought possible.

As I reflect on my journey, I'm reminded of the wisdom: "Every bus, train, and plane has empty seats. Some were meant for people who never showed up. Some were booked but canceled at the last minute. Some were never claimed at all, because someone was too afraid to take the trip. Opportunity works the same way. Some people wait too long and miss their chance. Some take what's left over. Some sit down without hesitation, because they know the journey is worth it."

#### My Message\_

To fellow alumni and aspiring individuals, I say: don't be afraid to take the trip. Seize opportunities with confidence, and never let fear hold you back. With determination and hard work, you can achieve greatness and reach new heights. Remember, the struggle is worth it, and the view from the top is breathtaking.

Joining Eagle Crest in 2023 marked the beginning of an incredible journey, and I'm excited to see where the future takes me!

## My Journey: From Struggles to Strength

My name is Ayani Kikon, born in Kohima, Nagaland, into a humble home with loving parents, Eyingo Kikon and Khodano, who instilled in me the values of hard work, humility, and faith in God.

Life was never a smooth road. I wasn't the brightest student in class, but I was determined to keep moving forward.

I completed my schooling and higher secondary education from Mezhür Higher Secondary School, Kohima, and later pursued my graduation in Political Science from St. Mary's College, Shillong. My grades weren't exceptional, but I never let that define my worth. I believed learning was more than just marks.

Driven by the desire to challenge myself, I pursued a degree in Library and Information Science graduating with First Division one of the moments that proved to me that hard work and consistency truly pay off.

My professional journey has taken me across various cities like Shillong, Jakhama, Greater Noida, Noida, Delhi, Guwahati, and Dimapur. Each experience teaching me patience, adaptability, leadership, and resilience. From handling administrative tasks to leading teams and mentoring young minds, every step shaped my skills and broadened my perspective.

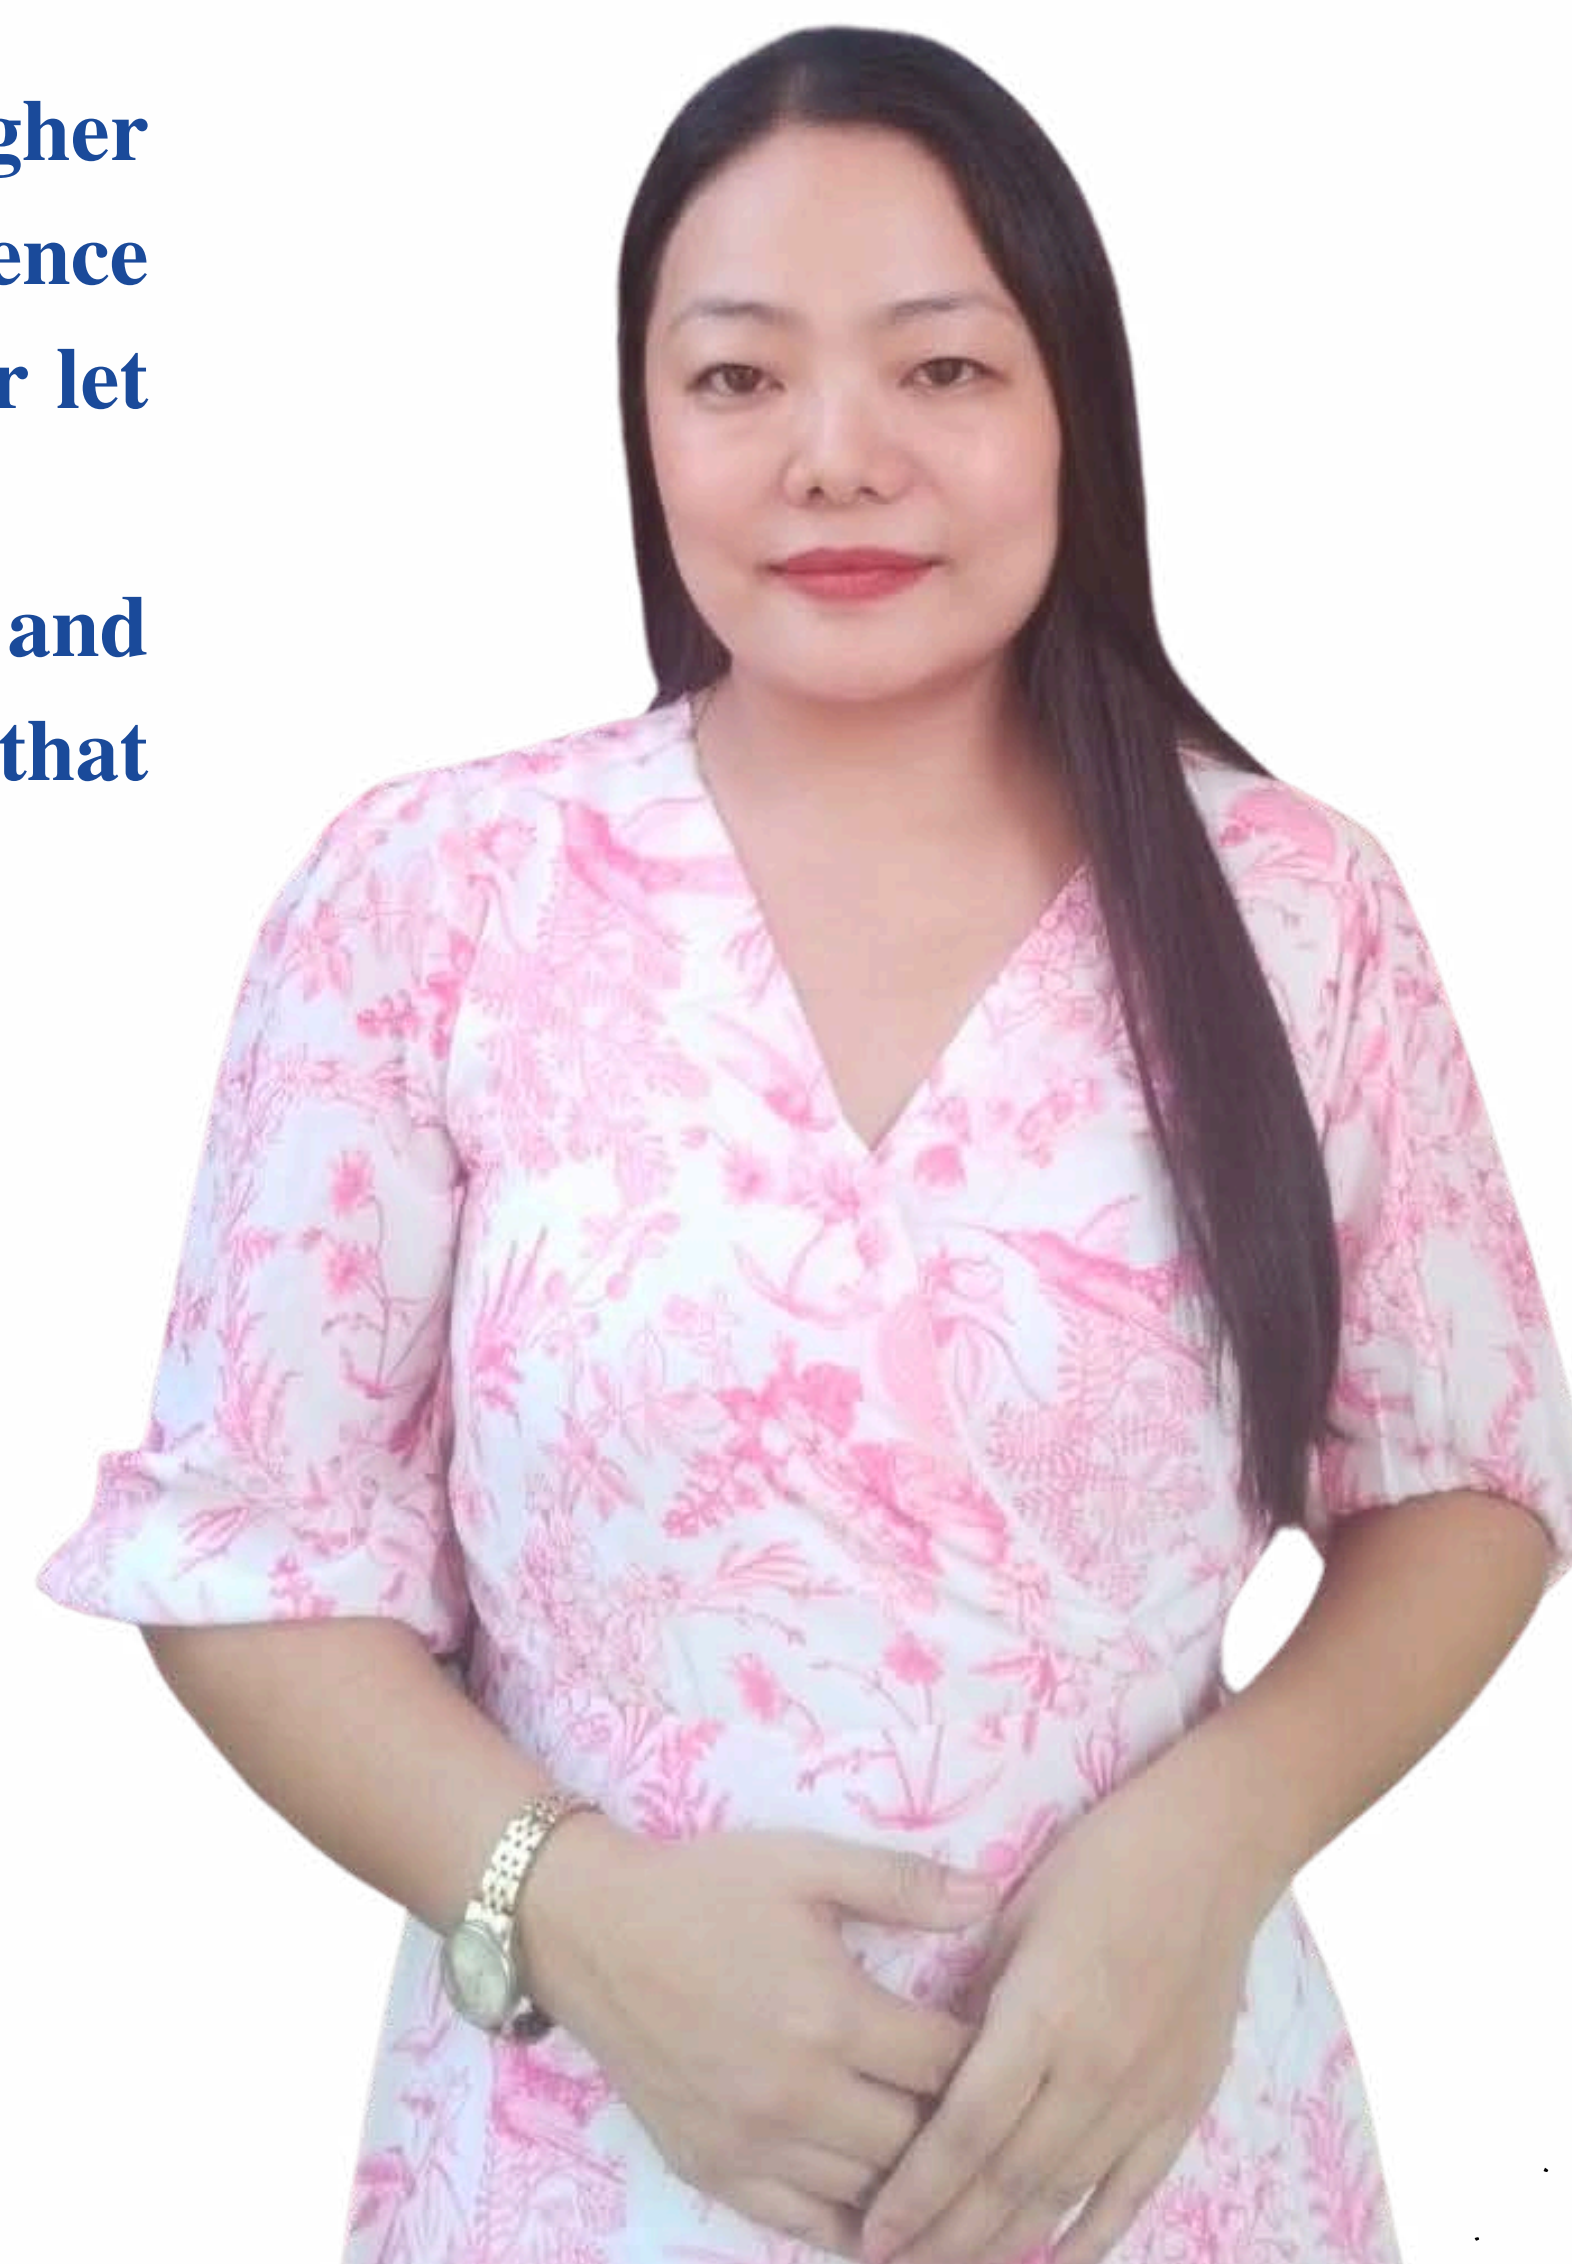

Today, I serve as a Soft Skill Trainer and Editor-in-Chief at Eagle Crest Training Academy and Consultancy, Dimapur, where I am committed to inspiring and equipping young people with the skills and confidence they need to succeed in their chosen careers.

It hasn't been an easy road. I've faced financial struggles, relocation challenges, cultural adjustments, and moments of self-doubt. But every hurdle has made me stronger, more adaptable, and more compassionate.

Outside of work, I love traveling to new places, meeting people from different backgrounds, listening to music, and expressing myself through poems and quotations. Creative writing is my way of turning thoughts into something beautiful.

If there's one thing my journey has taught me, it's this:

"Your struggles don't define you. Your persistence does. Every challenge is preparing you for the life you're meant to live."

**Ms. Ayani Kikon**  
Soft Skill Trainer & Editor in Chief

My name is Sungtimen Longchari, and I have had the privilege of being part of Eagle Crest Institute for over eight years. I was honored to be among the founding team when the institute first opened its doors, and the journey since then has been both inspiring and transformative.

Coming from a humble background, I began my career at Eagle Crest in 2018 as a Housekeeping Assistant. Over the years, as the institute expanded, I was given opportunities to grow alongside it. I was subsequently promoted to Office Assistant, and today, I proudly serve in the Admissions Department.

Eagle Crest has been more than just a workplace for me—it has been a place of learning, growth, and continuous support. The experiences and mentorship I have received here have played a vital role in shaping both my professional skills and personal values.

I am deeply grateful to Ma'am Temjenkala, our esteemed CEO, for believing in me and providing me with the opportunity to grow within the organization. I take immense pride in the achievements of Eagle Crest over the years and remain committed to contributing to its continued success.

Looking ahead, I am excited about the future and confident that with the same spirit of dedication and teamwork, we will reach even greater heights.
